Fact

The first chocolate egg was produced in
Bristol England in 1873.

Story Dentist Bunny

It all began with 2 naughty, chocolate loving children who went to the dentist. They both hated the dentist because they always had to have a filling. Their names were Lucy and Peter. Once they passed the reception and went to see Dentist Bunny. Dentist Bunny looked like a plump rabbit and had large, grey floppy ears. He loved Easter. This time the children had been extremely cheeky. They hadn't brushed their teeth at all. Now Dentist Bunny was very upset and told Lucy and Peter that it was nearly Easter and they had to brush their teeth if they wanted Easter eggs. He gave them each a brand new toothbrush and an immense tube of toothpaste. Eventually, when Lucy and Peter got home they decided that they should brush their teeth to make sure they weren't decaying. 2 months later (Their next appointment) Lucy and Peter were very excited since it was nearly Easter and went to see Dentist Bunny who exclaimed that they had extra clean teeth. The children were curious, they noticed Dentist Bunny not only had floppy ears but had silky whiskers and the hint of a fluffy tail poking from his trousers. He also had a faint smell of carrots and two very large front teeth. Dentist Bunny gave in and revealed that he was indeed the Easter Bunny. He handed each grinning child a colourful Easter egg and they lived happily ever after (With very clean shiny teeth).

the chick had a stroll in the
forest

one day there was a little chick
in the deep dark forest having
a stroll. He bumped into this
enormous egg which was his home.
He opened the lid and climbed
in. He was enjoying a breakfast
of delicious easter eggs. When he
forgot something. He thought and
thought and thought and then
he remembered it was his wife's
birthday. so he went back
to the deep dark woods where
he found the perfect
Easter egg but it was too big
to leave home. Just then
out popped a bad Easter Bunny
who was holding his wife and
gobbling all the eggs. The wife
was screaming. The chick
heaved the huge Easter egg and
smashed it onto the Easter Bunny
then his wife was free and
they got safely home. The
wife said to her husband
I don't need a present you
are my present and they had
a big smudgy kiss and
a fluff hug.
